

FARIAS WHEEL AIRPORT REGULATIONS

- 1) Airplanes always have the right of way on taxiways and runway.
- 2) All taxiways intersecting a public road will have proper signage to eliminate runway incursions from unknowing drivers.
- 3) Runway 34 is the calm wind runway.
- 4) Right traffic on Runway 34, and left traffic on Runway 16.
- 5) Airport is classified as PRIVATE USE RESTRICTED.
- 6) Multicom frequency shall be 122.9 MHz.
- 7) Runway lights are activated by 5 slow clicks on 122.9 and de-activated by 3 slow clicks on 122.9.
